Addendum No.: 5

Project #: E2O66

Financial Project #40681365201

Federal Project # 2803 004S

Title of Project: The Florida Department of Transportation (Department), District 2 has identified this Federal project for Design Build for a Bridge Replacement on Bridge #290042, Olustee Creek, County Road 245, Columbia County. The road is to be detoured during replacement. The location of this project is southeast of and within 15 miles of Lake City, Florida, in northeast Florida. **Project length is .663 miles in Columbia County.**

Please note the following requirements have been added to this RFP:

1. The minimum 100-year scour elevation shall be elevation 33.0 feet.
The minimum 500-year scour elevation shall be elevation 32.2 feet.
2. Miscellaneous asphalt shall be placed between the paved shoulders and outer limits of any guardrail.
3. County section marker on concrete pedestal shall be protected and removed for pickup by FDOT.
4. All drives within the project limits shall be paved to the right-of-way with a minimum of 6 inches of limerock and 1.5 inches of SP 12.5.
